

Friends of the Library

to Hear From Guest Speaker

Wave 11 Oct 1984

Wanda MacDonough, former president of Salt Lake City Public Library Friends of the Library, will be the guest speaker at the quarterly meeting of the Friends of the Wasatch County Library. The meeting will be held at the Wasatch Middle School Library at 7:30 p.m. on Wednesday, Oct. 17. Everyone in the community interested in our County Library is invited to attend.

Mrs. MacDonough received a

national award from the Friends of the Library U.S.A. at the American Library Association convention in Dallas, Texas in June. The award was presented because of the Salt Lake Friends outstanding participation in the R I F program. Reading Is Fundamental is a national program designed to motivate children to read by owning their own books. At the convention she met Rosalyn Carter and

received an autographed copy of the former first lady's book.

At Wednesday's meeting, Mrs. MacDonough will present information about conducting

book sales and about volunteer services at a public library. She has also been asked to present information about Friends of the Library groups to the Canadian Library Association next spring in Calgary.

Free Society,

The press in America occupies a place unique among the organized societies of the world, even in those democratic societies we regard as the most enlightened. The First Amendment, perhaps more so than any other rights our Constitution gives us, is the cornerstone of the many freedoms we as a people enjoy today. Its language, which guarantees us the freedom of speech and the press, among other freedoms, is simple and unequivocal.
